

PROMOAT™

PAA Antimicrobial

Promoat is an incredibly versatile direct food contact antimicrobial that can be used at almost any intervention point in the plant. Studies have shown that Promoat's blend is more effective and stable than many other PAA formulations on the market today. When combined with the Safe Foods Entro delivery module and MARC System, Promoat concentration can be monitored and adjusted in real-time, ensuring optimum antimicrobial performance.

KEY BENEFITS

- ▶ Approved by FDA, USDA, Health Canada and others
- ▶ Pathogen kill through oxidation
- ▶ Broad spectrum efficacy
- ▶ Real-time control with MARC
- ▶ Extends product shelf life
- ▶ Approved for organic processing

ABOUT SAFE FOODS CHEMICAL INNOVATIONS

Safe Foods Chemical Innovations, a division of PSSI Food Safety Solutions, is your premier partner for superior chemical solutions, intervention processing aids, and innovative equipment. PSSI offers comprehensive sanitation services, chemical products, pest management, and intervention solutions for food processing facilities. Its team of skilled food sanitors, microbiologists, technical experts and engineers are committed to keeping USDA, FDA, and CFIA processing facilities clean, safe, and audit-ready. PSSI works with each partner to develop smarter and more efficient food safety programs for total protection.
