Dear Dr. Donohue:

RE: CC-416

This is in response to your letter of June 6, 2023, wherein you notified us regarding a legal change to your client's company name from Packers Chemical, Inc. to Safe Foods Chemical Innovations and requested an updated letter of no objection for the subject product to be used as a cleaner in Federally Registered Food Establishment.

Based on the information submitted, we can advise that we see no reason to object to the composition and use of the subject food contact surface cleaner in food processing establishments, provided that:

- a) there will be no contamination of food as a result of its use and storage; and
- b) surfaces subject to direct contact with food are thoroughly rinsed with potable water after treatment with the product.

We trust that the foregoing will be of use to you.

Yours truly,

X *Cynthia Scholten*
